

Threat Management Platform

Components: Compliance

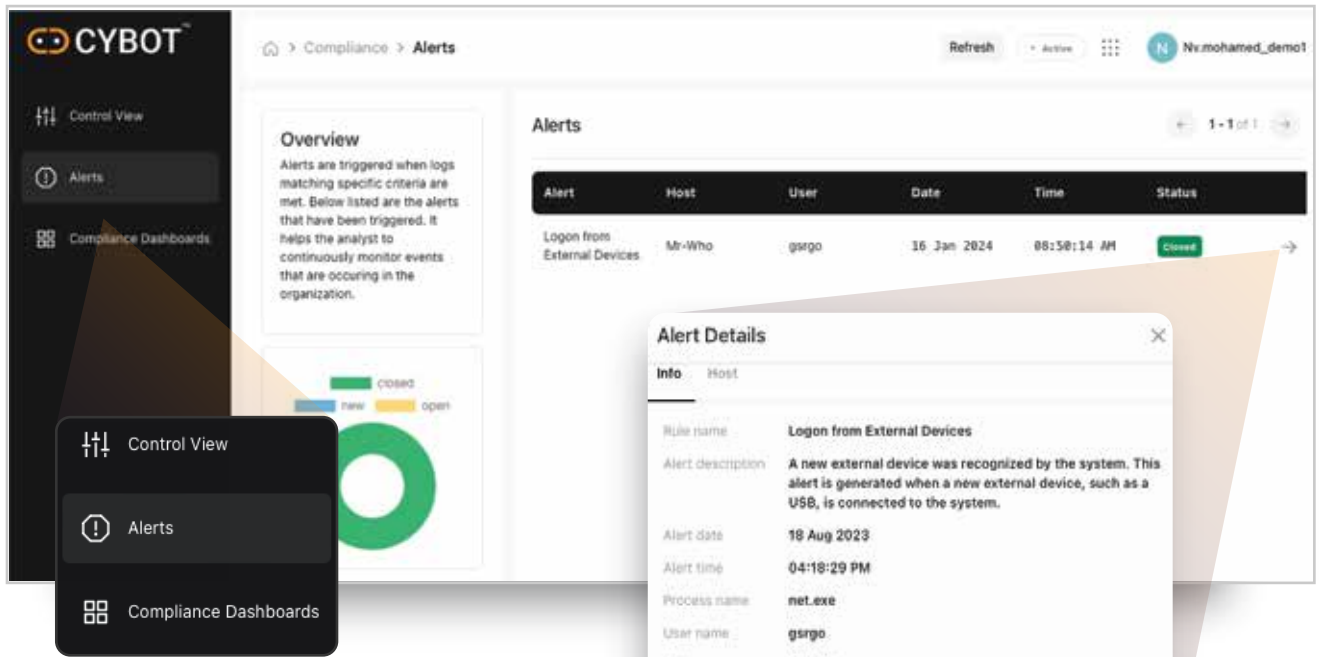

Component

CYBOT COMPLIANCE

At ActiveBytes Innovations, we recognize the vital importance of compliance with industry regulations such as ISO 27001, PCI DSS, and NIST. To support organizations and security teams in their compliance journey, we've integrated a dedicated compliance module within the Threat Management Platform.

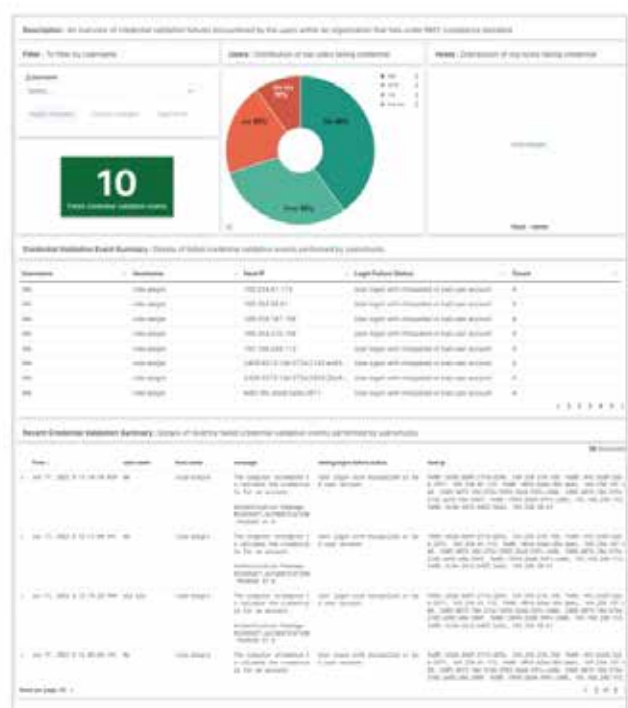

- ✓ Enjoy the flexibility to tailor our services to your organization's specific needs. Whether it's ISO 27001, PCI DSS, NIST, or any other framework, we provide the adaptability to meet your unique requirements.

- Visit the Alert Tab for instant insights into compliance violations. Our system triggers alerts when logs match specific criteria, allowing you to proactively monitor and swiftly respond to any breaches.

- Compliance Dashboards** provide an organized view of an organization's compliance status, aligned with standards like PCI DSS, NIST, and ISO 27001.

These visual representations enable quick identification of gaps and potential risks, facilitating proactive measures.
