

Threat Management Platform

Components: Threat Intelligence

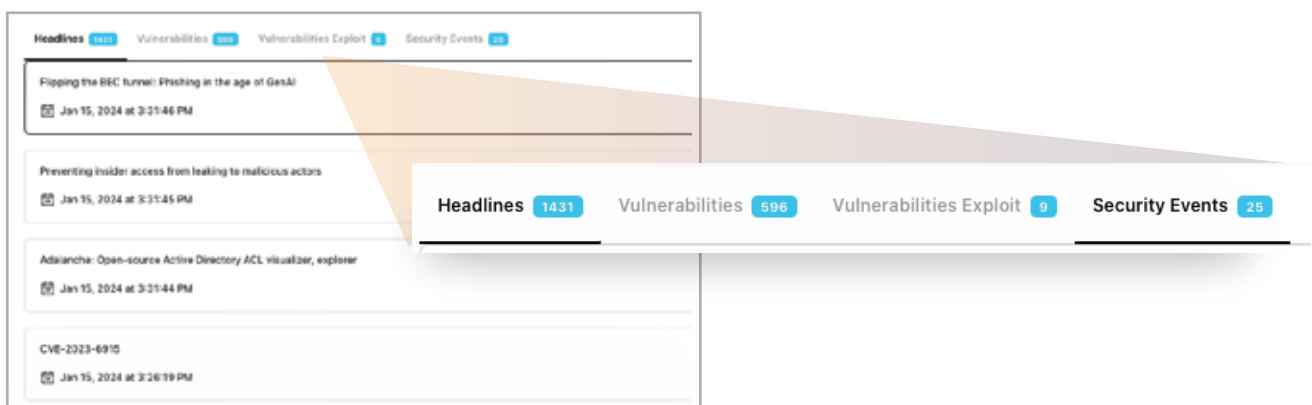

Component

CYBOT THREAT INTELLIGENCE

Empower your security with CYBOT™—a pre-loaded CTI component, eliminating the need for costly external subscriptions. Powered by CYKIT, it enables ad-hoc hunting, delivering efficient.

- ✓ Accessible through user-friendly interfaces, CYBOT™ ensures both technical and non-technical teams have quality insights for a robust security framework. Say goodbye to repeated investigations, reduce false-positives, and upgrade your security with CYBOT™ —advanced, cost-effective, and powerful.

- ✓ Stay informed with CYBOT™—our free CTI component delivers real-time updates on global cyber threats, vulnerabilities, and exploits. Effortlessly access insightful **headlines** to enhance your organization's security posture. With CYBOT™, receive timely and relevant intelligence without the hefty price tag. Upgrade your threat awareness and response capabilities today.

- ✓ Enhance your defense strategy with CYBOT™ our free CTI component provides timely **vulnerability** intelligence. Stay ahead of threats by receiving valuable insights into the latest vulnerabilities and exploits. Empower your security team with the knowledge needed to fortify your organization against potential risks. CYBOT™—your ally in proactive and effective vulnerability management.

- ✓ Elevate your security posture with CYBOT™—our free CTI component delivers real-time insights into **vulnerabilities and associated exploits**. Stay ahead of potential threats by accessing timely information, enabling your organization to proactively address and mitigate risks. CYBOT™ empowers your security team with valuable intelligence, reinforcing your defense against evolving cyber threats.

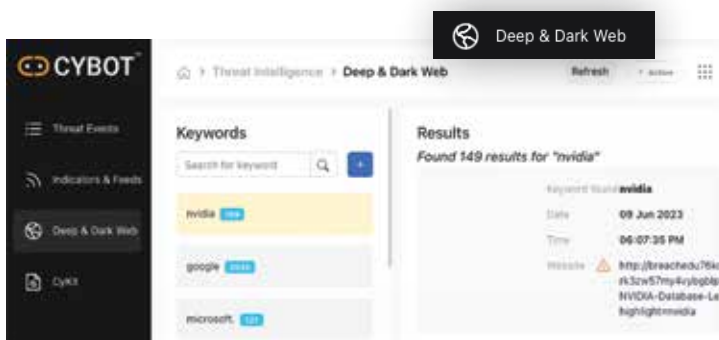

- ✓ Stay informed about the **latest incidents**, threat actor activities, and emerging trends. Empower your security team with real-time insights, enhancing your organization's ability to detect and respond to security events effectively. CYBOT™—keeping you ahead in the dynamic realm of cybersecurity.

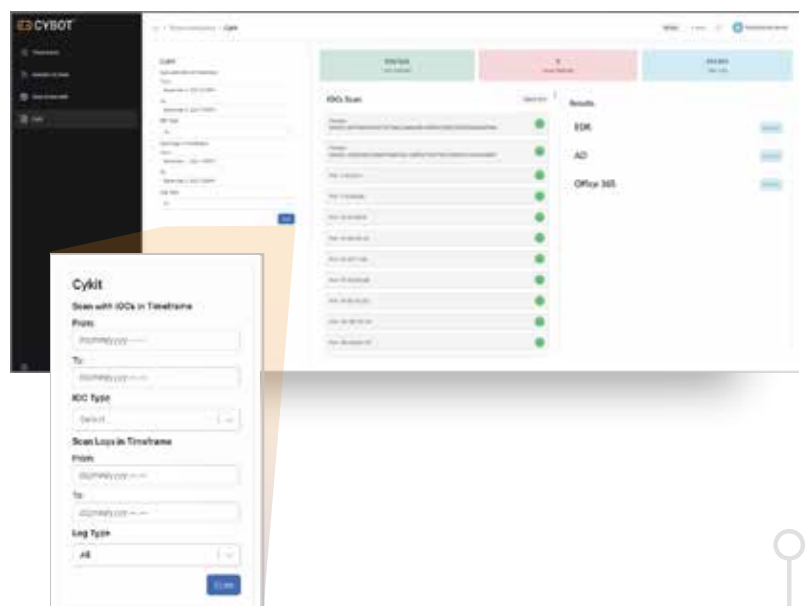

- ✓ Syncs with diverse community threat intelligence sources, acting as a comprehensive database for Indicators of Compromise. Visualizations showcase data summaries, including feed distribution, timeline of arrivals, and types of obtained Indicators/Attributes for efficient threat hunting and intelligence-driven activities.

- ✓ Gain insights into cybercriminal activities, leaked credentials, and emerging risks. Empower your security team to proactively address vulnerabilities and stay one step ahead of evolving threats in the hidden corners of the internet. CYBOT™—defending your organization in the shadows.

- ✓ Empower quick ad-hoc hunting with CYKIT™—a powerful tool for swift identification of potential threats. Seamlessly match the latest IOCs against your organization's data, enhancing threat intelligence capabilities for proactive defense. Stay agile and informed with CYKIT™—your ally in rapid threat detection.
